## Welcome Message

Dear Colleagues and Friends,

On behalf of the Organizing Committee, it is my great honor and pleasure to welcome you to the 14th International Conference on Advanced Vibrational Spectroscopy (ICAVS14).

ICAVS has long been recognized as a premier international forum that brings together leading scientists, researchers, and practitioners in the field of vibrational spectroscopy. The conference provides a unique platform to share the latest scientific advances, exchange ideas, and foster collaborations across a wide range of disciplines, including chemistry, physics, materials science, biology, and biomedical sciences.

ICAVS encompasses a broad spectrum of vibrational spectroscopy, including mid- and near-infrared spectroscopy, Raman spectroscopy, and nonlinear spectroscopic techniques. Previous meetings have been successfully held in Finland (2001, ICAVS1), UK (2003, ICAVS2), USA (2005, ICAVS3), Greece (2007, ICAVS4), Australia (2009, ICAVS5), USA (2011, ICAVS6), Japan (2013, ICAVS7), Austria (2015, ICAVS8), Canada (2017, ICAVS9), New Zealand (2019, ICAVS10), Poland (2021, ICAVS11, online & 2023, ICAVS12), and China (2025, ICAVS13).

ICAVS14 will continue this tradition by highlighting cutting-edge developments in both fundamental and applied vibrational spectroscopy. The program will feature plenary and invited lectures by distinguished experts, as well as contributed oral and poster presentations covering emerging topics such as advanced Raman and IR spectroscopy, ultrafast and nonlinear techniques, nanoscale spectroscopy, and data-driven approaches, including artificial intelligence.

In addition to the scientific program, we hope that ICAVS14 will provide valuable opportunities for networking, discussion, and the exchange of ideas in a collegial and inspiring environment.

We are truly delighted to host ICAVS14 at the ICC Jeju, Jeju, Korea, and we look forward to welcoming you to an exciting and memorable conference.

With best regards,

**Prof. Young Mee Jung**  
Conference Chair of ICAVS14  
Professor, Kangwon National University
